Sold at 1861 Distillery -

NOTES: ⁷⁻¹⁷⁻²¹ Exciting day at 1861 Distillery.

We received our C/O from the city of Thomasville, passed our Dept of Ag inspection, and are finally 100% legal to begin distilling spirits. We also have mixologist training going on tonight, and the very first batch of Rum is in the Mash Tun. It has been a long road traveled to get to this point, 13 months to be exact.

Lang Flowers stopped by to check out the 1st mash tun.

22 July 21 - Today is distilling day! We had a vodka tasting night last night and had a great turnout, 10:51 AM and the first vapors of rum is entering the columns, first drips only a few minutes away.
